The Biography form and essay on *Why you like Credit Unions or What your CU has done for you* is due by **October 27, 2017.**

The Credit Union Youth Ambassador of Pennsylvania Contest is a tradition that has more than 40 years of bringing youth and credit unions together for mutual benefit. Hundreds of young members have participated in the program since 1976, and many are current credit union leaders in Pennsylvania.

The winner of the chapter contest will compete with other finalists from across Pennsylvania during the state finals held in May. During the state finals, contestants will be asked to deliver a speech during a public program, take a written exam to judge credit union knowledge, and participate in interviews with the contest judges. The state winner represents young credit union members for one year, and speaks to credit union officials to encourage them to offer services for young members.

It's fun, exciting, and educational. Participants in the Youth Ambassador Contest represent the future of our credit unions.

Everyone is a winner with an EXPERIENCE that you will never forget.
