

2020

New Year and a New Name -

As we enter the year 2020, the credit union will begin celebrating our 67th year. We are continually living into our mission to be the best resource for you – our members – to realize your financial hopes.

As a credit union we also get the wonderful opportunity to live into the motto of “People Helping People.” Our mission and the credit union motto together, allow us to build on the common root of access to our credit union and to the financial ministry we offer and provide. All of this grows out of our faith-based roots.

As a credit union, we want to be able to

- **Grow**
- **Offer the best services**
- **Offer additional services**
- **Add members**
- **Make connections**
- **Share the word about who we are**
- **Stand out as a preferred financial institution**
- **Reach those who need to know about us**
- **Educate**
- **and so much more.....**

Financial growth starts at different times and places throughout one’s lifetime. The financial seed is planted, and the roots begin to sprout in many different directions. Maybe it is in the direction of a savings account as a birthday gift, a first car loan, a student loan, or a first paycheck. As members needs grow along their journeys, so do their financial needs. We want you, as well as new members, to grow your financial journeys with us.

This credit union has traveled that journey for 66 years. We were planted as a seed many years ago as a small credit union with a narrow field of membership made up of pastors - the beginning of our journey. Over the years, our roots grew and branched out. Today, those same roots continue to grow and move and reach.

In this current season of growth, we acknowledge our roots and how they support and nurture us. As we seek to reach, grow, add, and live into our mission, ministry and goals, we move forward.

We are excited about the NEW NAME that celebrates who we are and supports and nurtures our growth!

Our credit union’s new name is

CommonRoots Federal Credit Union

grown from Keystone United Methodist Federal Credit Union

Throughout the month of January we will be transitioning to our new name and new logo.
